

# G-P BambooHR Integration: Setup Guide

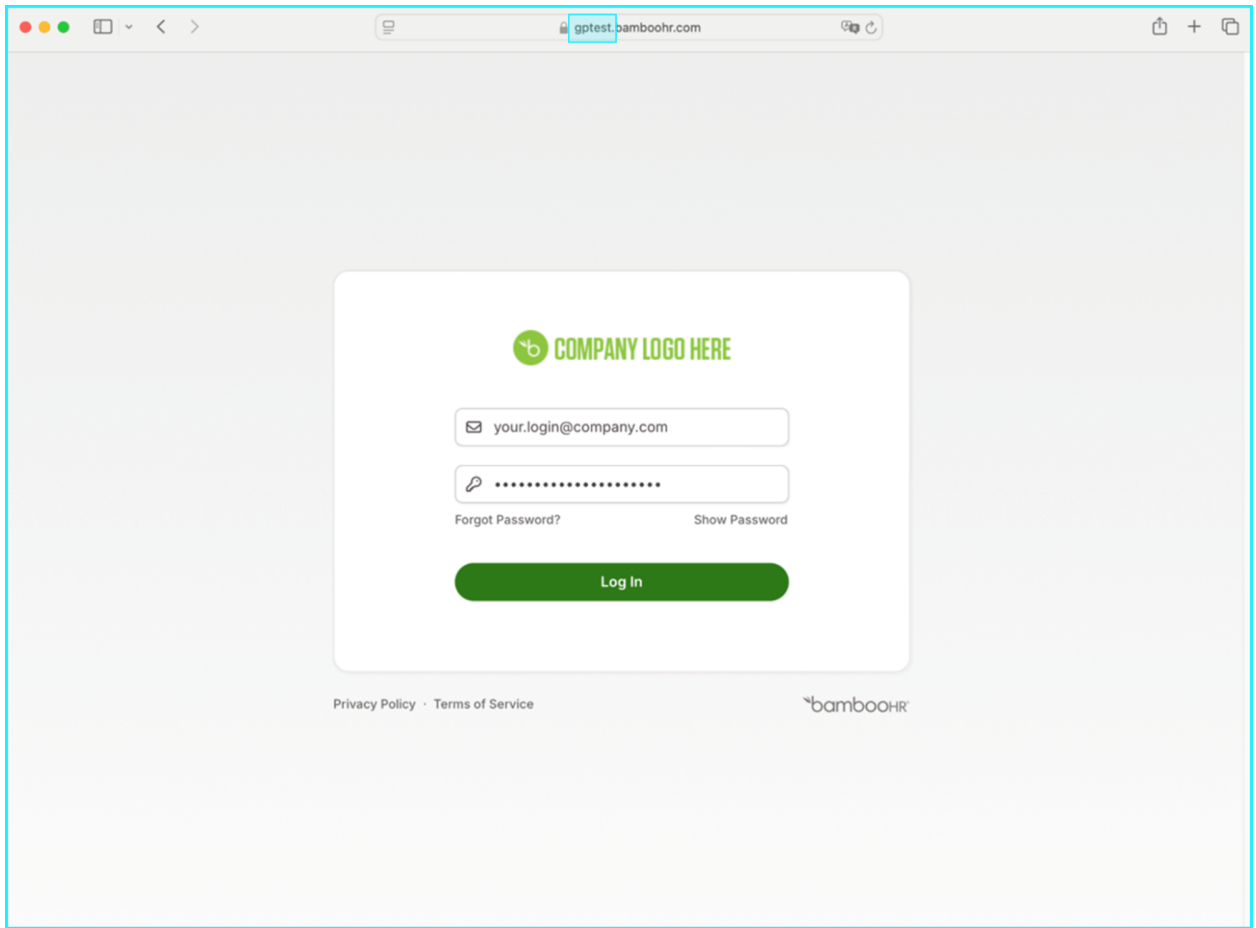

**In this article, you'll learn how to set up the BambooHR/G-P Platform integration.**

**Important note:** To complete the integration, you'll need to have Admin privileges for your BambooHR account and the Company Admin role for the G-P Platform.

## Getting your company domain

Follow these steps to get your BambooHR domain:

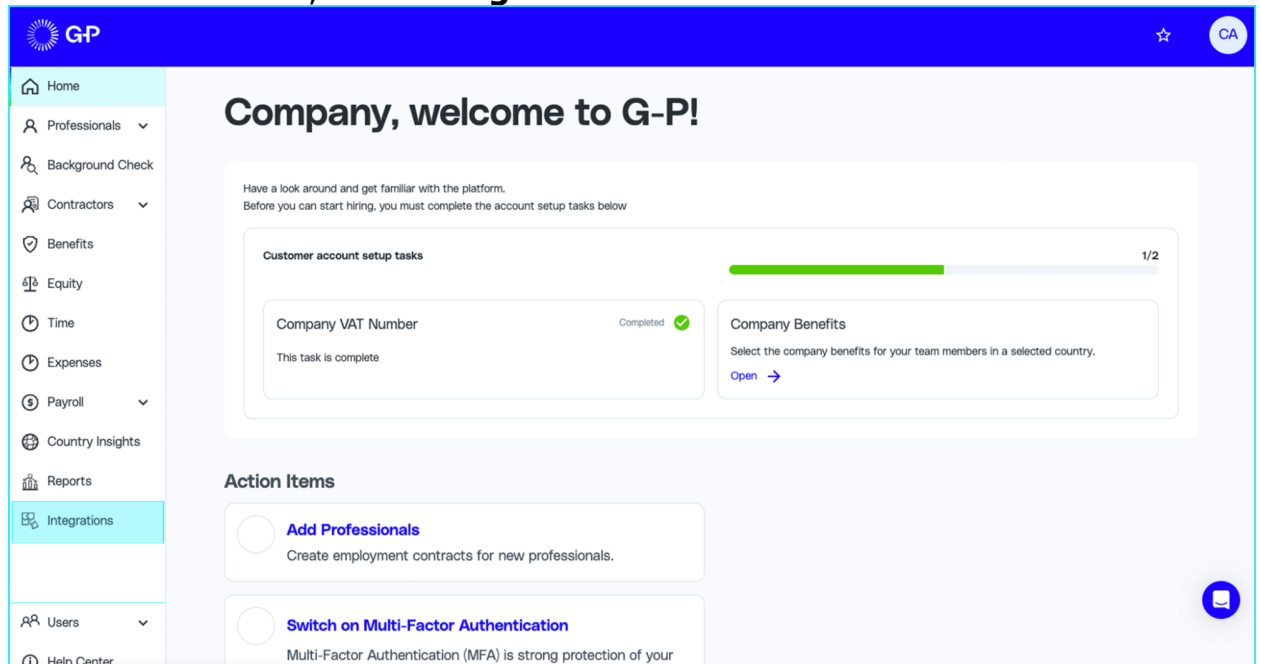

- Sign in to your BambooHR profile.
- Take note of your **company domain** in the URL's prefix.
  - In the example below, the domain is **gptest**.

# Setting up a connection between BambooHR and G-P

Follow these steps to connect BambooHR with the G-P Platform:

- Log in to the G-P Platform.
- On the left sidebar, click **Integrations**.

- You'll be taken to the Integrations page.
- Click **Add**, next to BambooHR.

**Partner Integrations**

Partner integration allows you to connect professional data with the G-P platform. This helps to automate processes and customize which data is synchronized across the platforms.

**Add Partners**

sage Add bambooHR Add bob Add

UKG Add Personio Add trinet Add

**Generate Credentials**

greenhouse Regenerate

**Workday**

workday Map and sync your professionals' data from Workday. Continue

- This will start the Integration wizard.
- Enter the company domain and click **Connect**.

**Link your BambooHR Account** X Close

**Link BambooHR Account**

Press "Connect" to link your BambooHR account.

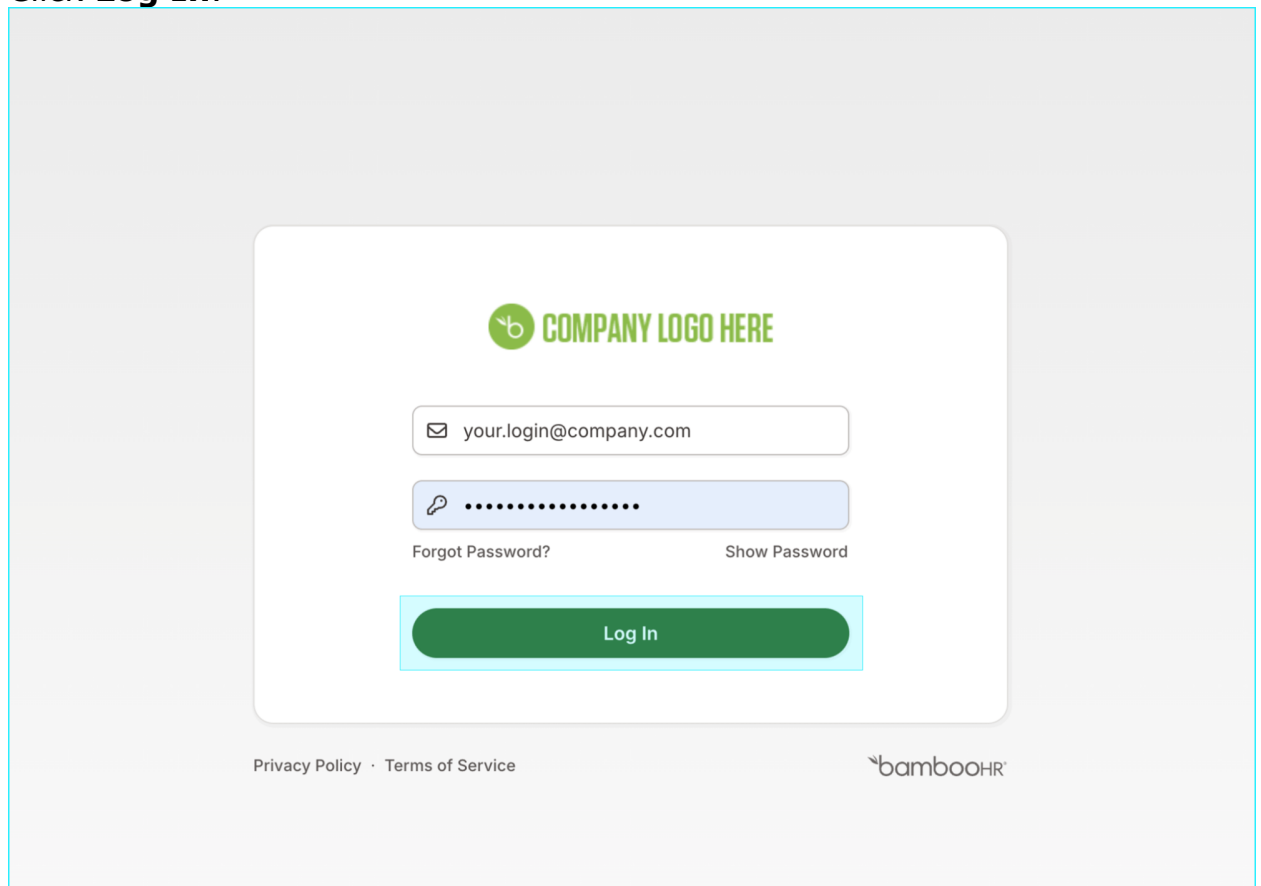

**Company Domain\***

Your Company Domain can be found in the URL when you are logged in to BambooHR. Given the URL **mycompany.bamboohr.com**, the Company Domain is **mycompany**.

stackone

**Connect**

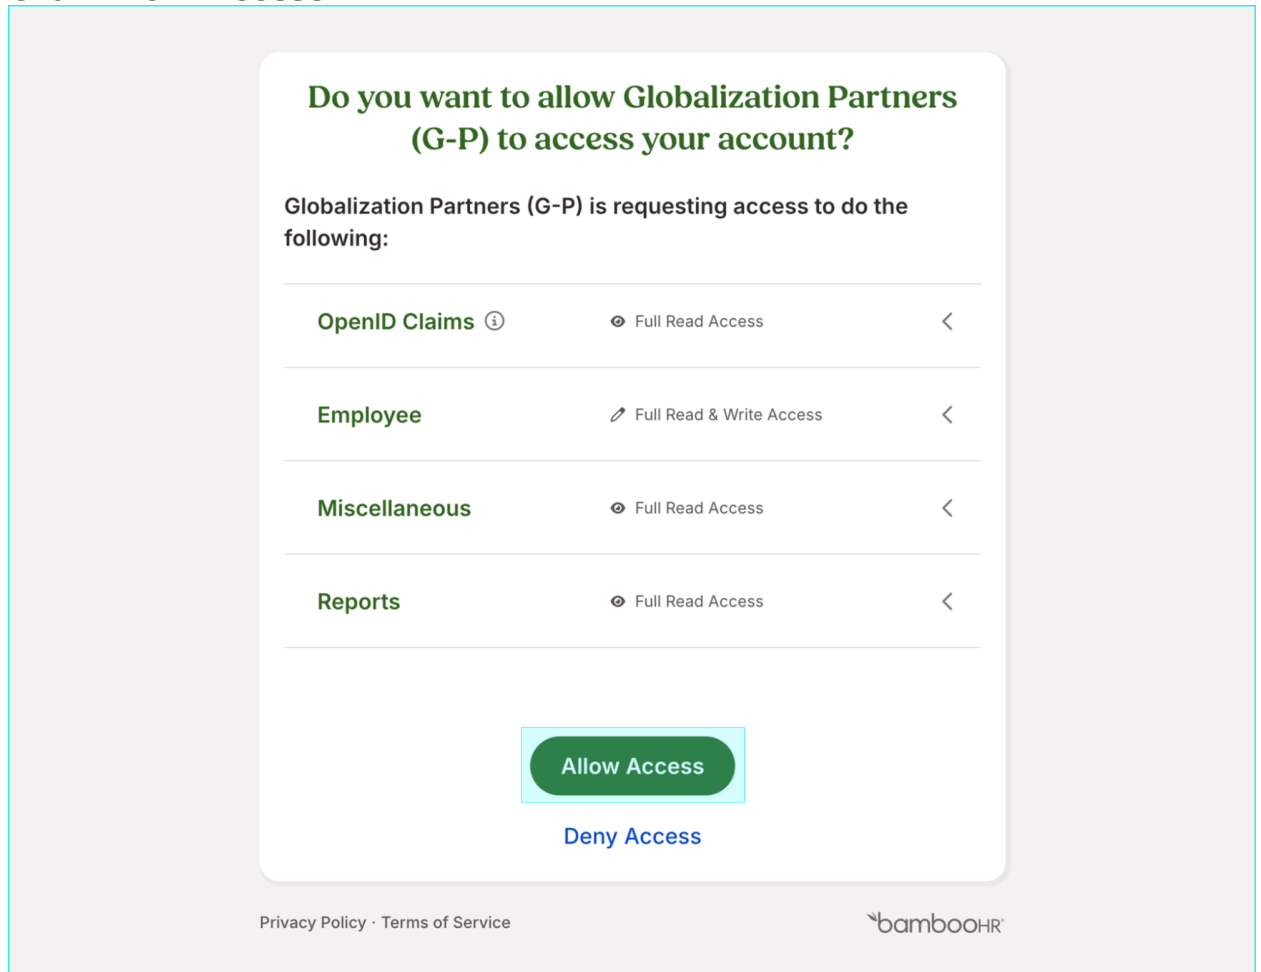

- A pop-up window will prompt you to sign in to your BambooHR account.
- Click **Log In**.

The image shows a login form within a white rounded rectangle centered on a light gray background. At the top of the form is a green circular logo with a white 'b' and the text 'COMPANY LOGO HERE' in green. Below the logo is a text input field containing an email icon and the text 'your.login@company.com'. Underneath is a password input field with a key icon and a series of dots. To the left of the password field is the text 'Forgot Password?' and to the right is 'Show Password'. A large green button with rounded corners and the text 'Log In' is positioned below the password field. At the bottom of the white box, there are two links: 'Privacy Policy · Terms of Service' on the left and the 'bambooHR' logo on the right.

- You'll be asked to allow G-P to access your BambooHR account.

- Click **Allow Access**.

- The pop-up window will close automatically and you'll be redirected to the G-P Platform. The integration is now complete.

## Scope of the integration

From now on, when a new Professional is activated on the G-P Platform, the integration will sync the following data with BambooHR:

- First name
- Last name
- Date of birth
- Mobile phone
- Personal email

- Work email
- Tax identity number
- Job title
- Start date
- Citizenship
