## Package Pricing Available Online: [acareportingservice.com](https://www.acareportingservice.com)

Pricing for ACA reporting is based upon the # of forms created and filed. To calculate the # of forms, total your number of employees who were full time on any day of the calendar year. Pricing is based per EIN. For Multi-EIN Control Groups, a discount rate is applied for additional packages after an initial Enhanced or True Full Service package purchase. Check our website for current package pricing.
