

# Post Job Openings to Indeed in One Click

Indeed is the #1 job site<sup>1</sup> in the world—more people find jobs on Indeed than anywhere else.

## BambooHR + Indeed

Optimizes the hiring process

Improves the job seeker experience

Helps you find the right hires, faster

## Hire Better, Faster

### JOB POSTINGS ARE ALWAYS UP-TO-DATE

External jobs created or updated in BambooHR are sent directly to Indeed through an XML feed so job seekers always have access to your most up-to-date job content.

### NO MORE DOUBLE ENTRY

Job and candidate data flows seamlessly between BambooHR® Applicant Tracking and Indeed, saving time and ensuring compliance.

### HIGHER APPLICATION COMPLETION RATE

A simple, mobile-friendly application process makes it easier for candidates to apply—and it gets you up to 5x more completed applications!<sup>2</sup>

### GET MORE DONE IN LESS TIME

Recruiters spend less time switching between systems and performing manual data entry tasks, streamlining the most tedious parts of your hiring process.

### BETTER CANDIDATE MATCHING

Candidates' disposition signals improve the quality of the candidates matching with your open jobs on Indeed.

# BambooHR + SSO Working to Make You Even Safer

3,460 BambooHR customers currently use the Indeed integration

Over 350 million unique visitors use Indeed each month<sup>2</sup>

Indeed is available in 60+ countries and in 28+ languages<sup>2</sup>

“Crain Construction uses BambooHR for all of our ATS and HRIS needs. I was excited to see there was an integration with Indeed through the Hiring part of the platform. When I post a job, I know it’s going out to Indeed just with a click of a button, and when I look at the candidates, most of them are from Indeed. Without this integration, it’d be much harder and take many steps to get the same number of candidates.”

**Julie Lamb | Director of Human Resources | Crain Construction**
