AUTOMATIC SYNC TO PAYROLL

Human Interest's integration with BambooHR eliminates the burden of managing a 401(k) by syncing to payroll, processing contributions, and handling employee contribution rate changes.

TRANSPARENT PRICING

Human Interest's 401(k) includes recordkeeping, compliance services, full account setup, flexible plan design options, and reporting. They also provide transparent pricing with this [pricing sheet](#).

TRADITIONAL PROVIDERS VS. HUMAN INTEREST

Traditional providers have built their business on administering large 401(k) plans, and often aren't suited for efficiently running small plans. Human Interest's 401(k) plans can be set up online, are fully automated, and don't require ongoing administration—all at just half the cost of traditional 401(k)s.
