

#1 Learning Software for BambooHR Customers

Efficiently onboard new workers, minimize time to value and optimize performance from day one.

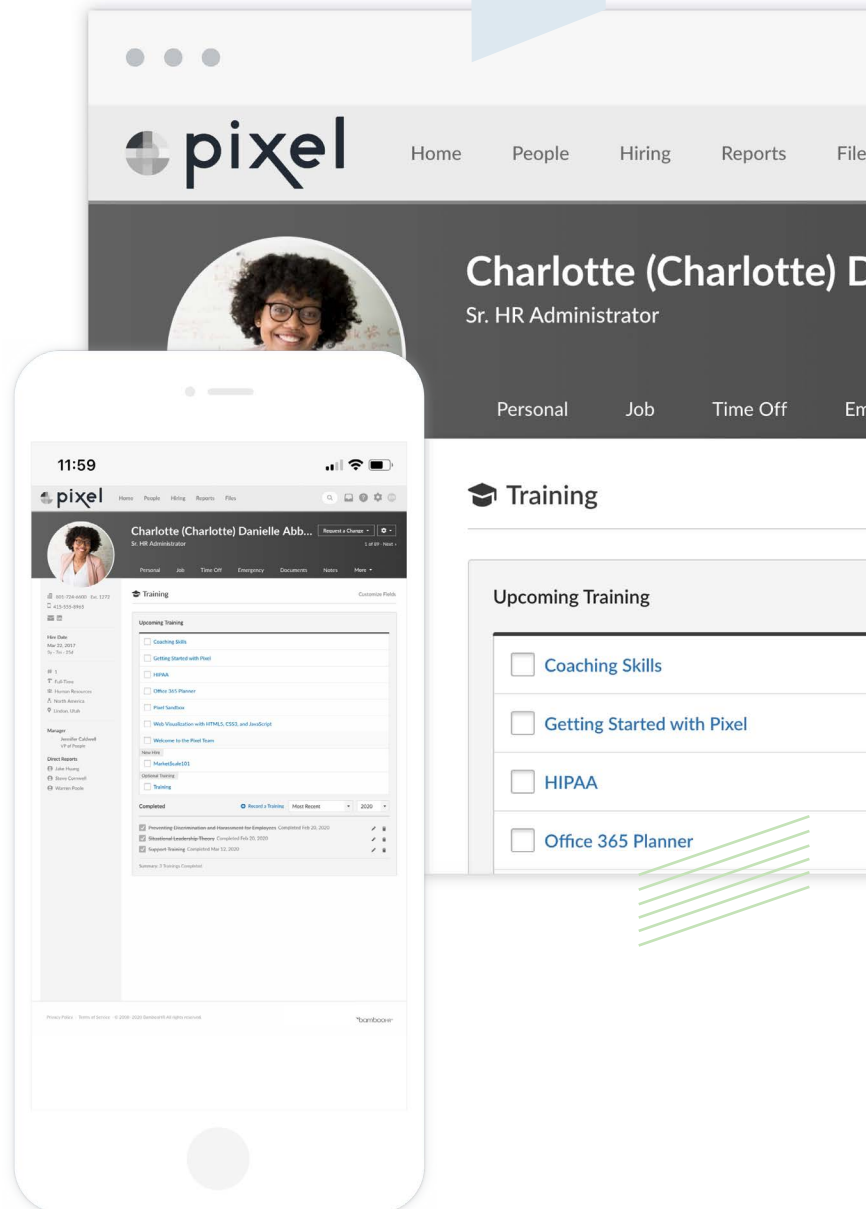

About Northpass

Northpass is modern learning software that makes it easy for small and mid-sized businesses to create and deliver a world-class training program. We help companies scale brand standards, best practices, products, and procedures, through a flexible and captivating approach to employee training.

- Get new employees up to speed faster with content about your policies and practices.
- Ensure compliance with courses from our catalog of e-learning titles.
- Provide ongoing learning opportunities to keep your people engaged and growing.

And so much more, all from a single, intuitive platform without ever having to leave the BambooHR interface.

Northpass + BambooHR

Northpass is seamlessly integrated into the BambooHR platform, making it easy for BambooHR users to create effective and engaging learning programs without any expertise in eLearning.

Our BambooHR integration allows you to easily give your employees access to Northpass courses and report on the course completion and engagement data in your BambooHR account.

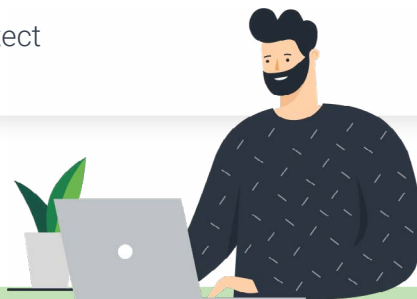

Built for SMBs

- Two-way BambooHR integration
- Single Sign-On with BambooHR
- Intuitive tools for learning creation
- 285+ e-learning courses
- Partner with a dedicated customer success manager

“With Northpass, we are able to create internal and external training portals, facilitating growth and scale for our company. With the BambooHR integration, we were able to set it up in 30 seconds... It was like flipping a switch!”
