

# Empower Payroll Empower People

Transform your payroll into a people-first experience

Award-winning, B Corp-certified, managed payroll that's real-time, intelligent and employee-first. Enhancing accuracy, visibility, and financial wellbeing.

## Simplify Payroll Processing

### Automated Payroll

Full PAYE, NI, and pension automation. One-click processing with AI-powered checks, backed by industry-leading payroll specialists.

### Compliant & Secure

Always up-to-date with legislation. HMRC-approved calculations, ISO 27001-certified platform, and expert UK-based support.

### Improve Employee Financial Wellbeing

- **Mobile Payroll App**

Instant access to payslips, budgeting tools, help icons, personal employee support, and pension dashboards.

- **Flexible Payments**

Split pay directly to bills & savings pots. Offer instant advances, early pay & simple payroll giving.

## Streamline Payroll with Intelligent Automation

### One-Click Payroll Runs

Ditch spreadsheets and clunky UI. Run real-time payroll in a few clicks with intelligent checks that flag errors before payday.

### Reports On Demand

Live dashboards, custom reports, bespoke journals, and full audit trails - everything you need, ready when you need it.

### Effortless Migration & Onboarding

PayCaptain's onboarding team handles data migration, validation and go-live support for a seamless transition from legacy platforms

### Dynamic Adjustments & Faster Payments

Make last-minute changes without restarting payroll and send funds instantly with our Faster Payments engine - no delays, no re-runs.

### Robust Integrations

Connect seamlessly with modern HRIS and Time & Attendance platforms for accurate & up-to-date employee data.

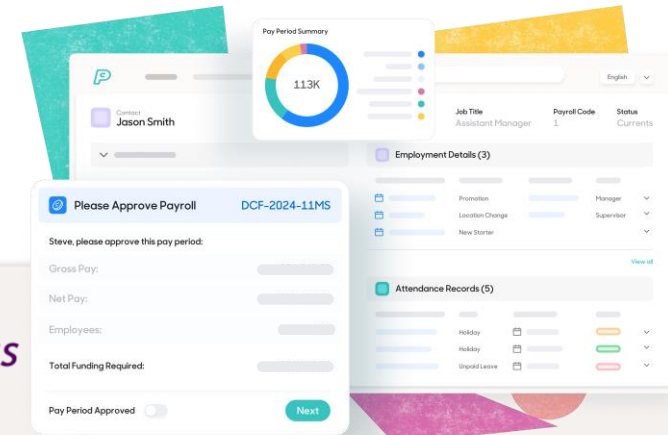

### Multi-Entity Management

Easily manage payroll across multiple PAYE companies, locations or departments with segmented workflows and consolidated reporting.
