## What can you do with BambooHR® + Absorb LMS?

Automatically sync employee data & user accounts.

Ensure learners are always assigned the correct training.

Track progress, compliance & performance with confidence.

## Simplify learning administration & employee development

### AUTOMATED ONBOARDING, COMPLIANCE, AND ROLE-BASED LEARNING

Absorb LMS simplifies onboarding and ongoing training by automatically enrolling employees in the right courses based on their role, title, or department. From day-one onboarding to annual compliance requirements, Absorb LMS manages reminders, assignments, and tracking so nothing falls through the cracks.

### POWERFUL REPORTING WITH EXPERT CUSTOMER SUPPORT

Absorb LMS offers robust reporting with over 15 out-of-the-box and customizable reports that can be scheduled and shared automatically. Course completion data syncs back to BambooHR for clear visibility into employee development, while 24/7 support and a dedicated Customer Success Manager ensure long-term success.

### BRANDED, INTUITIVE LEARNING WITH BUILT-IN ASSESSMENTS

Create engaging, on-brand learning experiences that reflect your company's culture. Absorb LMS makes it easy to upload existing content or build courses using its intuitive course builder and built-in assessments, giving learners a consistent experience while helping admins measure progress with confidence.
