Retention	88%	85%	+3%
Feedback & Improvement	81%	78%	+3%

## What can you do with BambooHR® + Culture Amp?

Automatically sync employee demographics, departments, and reporting lines.

Launch surveys quickly with accurate, real-time employee data.

Strengthen engagement, performance, and retention with powerful insights.

## Engagement, feedback & performance made actionable

### AUTOMATED EMPLOYEE DATA SYNC

Culture Amp pulls employee profiles, demographics, and organizational structure directly from BambooHR, ensuring every survey, performance cycle, and analytics dashboard reflects your most accurate and current people data.

### PERFORMANCE REVIEWS & CONTINUOUS DEVELOPMENT

Culture Amp provides flexible tools for performance reviews, 360° feedback, goal tracking, and competency development. When synced to BambooHR, performance cycles stay organized, up to date, and aligned with each employee's current role and manager.

### SCIENCE-BACKED SURVEYS & ACTIONABLE INSIGHTS

With access to research-validated survey templates and benchmarking data, Culture Amp helps you measure engagement, DEI sentiment, manager effectiveness, onboarding experience, and more. Insights are delivered in clear dashboards that make it easy to identify strengths and opportunities.

### TURNING INSIGHTS TO ACTION

Managers and leaders receive tailored action recommendations based on survey results, helping teams make meaningful improvements more quickly. Your people also get support from built-in learning resources.
