

Pricing Structure

4 pricing plans: Starter, Business, Pro, and Enterprise. Starts from €1.8 / user / month. Visitor Management add-on.

3-5 Key Benefits

- **Smart Desk Sharing** to boost space efficiency and encourage in-person collaboration.
- **Seamless Room Booking** that transforms how your team meets and works together.
- **Real-Time Attendance Insights** for full visibility into who's in the office and when.
- **Secure Visitor Management** to ensure a professional, compliant front-desk experience.
- **Effortless Roll-Out** with deep Microsoft 365 & Google integration – no IT headaches.

Ideal Customer Profile

Ideal for mid-sized and growing companies (100–5,000 employees) with hybrid work models, using MS 365 or Google Workspace. Designed for HR, Workplace, IT, and Facility Managers who want to:

- Digitally manage office spaces & hybrid teams
- Simplify HR and workplace operations
- Streamline their IT landscape

Better Together Story

Yoffix + Microsoft 365 + BambooHR: A Seamless Hybrid Work Experience

Effortlessly sync employee data and absences from BambooHR, enable one-click desk and room booking directly within Microsoft Teams, and manage hybrid work without extra logins or manual updates.

From HR to workplace operations, Yoffix simplifies absence tracking, space planning, and hybrid office management in one secure, integrated workflow.

Value Proposition

Yoffix is the all-in-one hybrid workplace platform built natively for Microsoft 365, Teams, and integrated with BambooHR.

Empower employees to book desks, rooms, and plan their schedules with a single click – directly where they already work. Automatically sync employee data and absences from BambooHR to simplify hybrid work planning, optimize office use, and reduce costs with a solution that adapts to your needs.
